# JAPAN in Autumn

DEPARTS  
SEP 2022

**21 DAYS** From the hi-tech speed and efficiency of the bullet train to the serenity of Kyoto's Zen gardens and temples, Japan offers a unique mix of the modern and the traditional. This tour includes the best of everything Japan has to offer. It is designed for newcomers to Japan and follows a leisurely pace starting and ending in Tokyo.

Autumn is a wonderful time to visit Japan. The changing colours of the leaves throughout the landscape can be mesmerising. Blue Dot's engaged style of travel means that we will give you every opportunity to meet Japanese people and to do as the Japanese do. The first thing you'll notice about the locals is how polite they are. The second thing you'll notice is that English is not commonly spoken or understood and as a result, there is a lot of bowing and smiling without many words being spoken. Practice your "Ohay gozaimasu" (good morning) and "konichiwa" (good afternoon) as it will go a long way.

We'll start and finish in Tokyo giving you ample time to enjoy this modern metropolis, a city of pulsating energy. In between you'll have the chance to experience the many different aspects which make Japan such a unique and fascinating country – including some lesser travelled destinations.

## Japan's NORTHERN HONSHU TOHOKU PRECINCT

DEPARTS  
SEP 2022

**14 DAYS** Very few western travellers visit the Tohoku region, so the experience is akin to visiting Japan 30 years ago before tourism exploded in the major cities. We'll visit small traditional villages like the mountainous hot spring village of Nyuto Onsen, with its collection of rustic wooden buildings and Ouchi-juku, a collection of traditional thatched buildings from the Edo Period, both dating back 300 years. This region is rich in Samurai history and we'll visit authentic samurai residences where the direct descendants of the samurai families still live. It is also home to some of Japan's original castles with excellent examples Hirosaki and Tsuruga.

As one of the least densely populated areas of Japan, Tohoku is known for its beautiful mountainous scenery, virgin beech forests, volcanic peaks and lakes. We'll enjoy gentle hiking at Goshikunuma, a cluster of five volcanic lakes, each with its unique colour ranging from reddish-green to cobalt blue; and at Shirakami Sanchi, the largest virgin beech forest in East Asia, and a UNESCO listed area.

On our travels, we'll stay in a mix of hotels and traditional Ryokans, some with naturally occurring hot spring baths on site. Come and join us for a step away from modern life, to wander amongst breathtaking natural beauty and to gain a fantastic insight into Japanese history, culture and traditional customs.

# MALTA & CORSICA

**DEPARTS**  
SEP 2022

## 20 DAYS

If year-round sunshine and 7,000 years-worth of living history is your thing, the ex-British colony of Malta should be on your travel bucket list. This independent nation comprises three small Islands – Malta, Gozo and Comino which is uninhabited. It is a traveller's dream because you can take in everything within a small radius, sampling the architecture (both grand and quaint), a stunning fortified harbour, the rocky landscape, traditional hilltop towns, fishing villages, and the upbeat lively capital city, all against the languid backdrop of the magnificent Mediterranean.

The Island of Corsica is one of France's 18 regions. It lies directly north of Sardinia where it is easily reached by ferry. Its capital Ajaccio is the birthplace of Napoleon Bonaparte and his ancestral home is today used as a museum. Like other Mediterranean islands, Corsica was visited, conquered and highly influenced by many people of the ancient world. The Greeks, Romans, Byzantines, Phoenicians, Genovese and Northern Africans all left their mark. France invaded & occupied in the mid 1700's. Today it relies heavily on agriculture and tourism. It is far less developed than many islands in the Mediterranean. People come for the weather, the food and the glorious scenery. Come join us on this spectacular Mediterranean experience!

# NEW ZEALAND

## The Majestical South Island

**DEPARTS**  
OCT 2022 & MAR 2023

## 12 DAYS

There aren't many places on this planet where travellers are so well catered for in terms of both taste-buds and splendours of the natural realm.

New Zealand's South Island is a heavenly mix of ancient forests, mountains, lakes, beaches and fjords. It's renowned for its quality local produce, cool-climate wines and relaxed lifestyle. Join us for the only way to experience New Zealand – at a laid back pace and with a healthy appetite.

Our 12 day South Island tour is a journey through the highlights of the South Island, with a focus on food and wine along the way.

The laid back, friendly atmosphere in Queenstown and Christchurch is a reflection of the South Island culture. But beyond the cities is where this island shines: we'll take you through the best of the South Island's stunning landscapes from remote Doubtful Sound to alpine hiking at Mount Cook, to a helicopter ride across the glaciers of the West Coast.

New Zealand's food and wine have established a world-class reputation, with quality produce fresh from the source. You'll be able to indulge in all that's on offer with carefully selected dining experiences included in the tour: restaurants featuring the best local produce, regional farmers markets, an artisan whiskey distillery and a night amongst the vines in the famous Marlborough wine region. So grab your camera and a healthy appetite, and let's go live the good life with our friends next door!

# Stunning SRI LANKA

DEPARTS  
NOV 2022 & 2023

**15 DAYS** Sri Lanka is an island-nation in the Indian Ocean separated from India by the Palk Strait. It is “almost” linked to India by a mostly underwater atoll called Adam’s Bridge. It is a very lush, tropical island sitting just north of the equator. For over 2,000 years the island was ruled by a monarchy which only ceased in 1972 with the appointment of a president. Sri Lanka’s population of around

22 million – similar to our own – is multi ethnic with four main groups. Singhalese (mostly Buddhist) is the largest, followed by Tamils (mostly Hindu), Moors (with Arab origins) and Burghers – a mixed group of Portuguese and Dutch origin who are mainly Christians.

Generally speaking, it is a poor country but tourism is helping to change that. Apart from the tourist industry, its core source of income comes from tea exportations, spices, rubber textiles and petroleum refining. About 30% of the island is covered by forest and about 10% of this is national park.

There are so many reasons to visit this country – there is so much to see and do. Even though it is a relatively small country, each region is quite different. The indigenous and colonial history is fascinating. The food is fabulous. The scenery is spectacular. Plus, the abundance of wildlife – one of the draw-cards for travellers – will take you by surprise. Visiting the national parks – and sometimes in the wild – you may spot sambar deer, Sri Lankan elephants, leopards, sloth bears, crocodiles, water buffalo and hundreds of birds species. It’s no wonder that a few years back, Lonely Planet rated this wonderful country as the “hottest travel destination on the planet”, and they didn’t mean the weather! Grab your camera and join us.

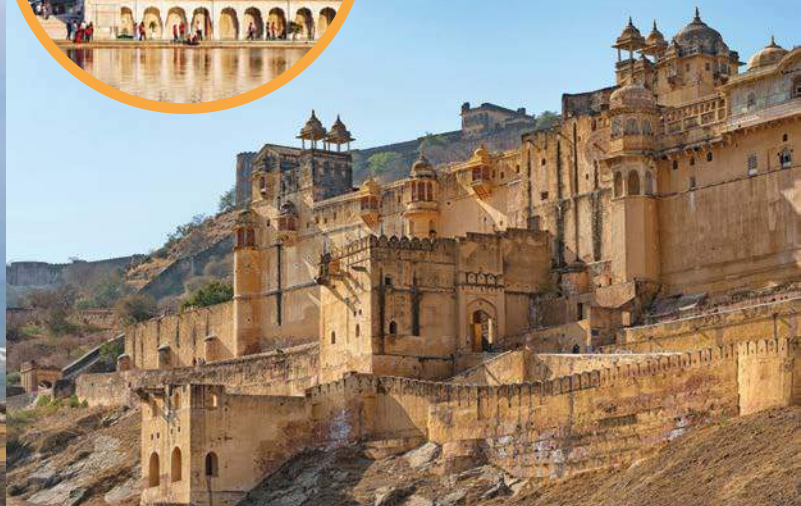

# The Tigers of Central INDIA

DEPARTS  
MAR 2023

**22 DAYS** India is a study in contrasts; bustling cities that bear the legacies of once-glorious empires, a patchwork of farmlands and hamlets fringing lush forests, destinations steeped in history making their inexorable way towards modernity. A land that is more than history, diverse in geography, a land of peace and plenty that brought empires and colonies to its shores, a nation that throbs with the stories of the past paving the way to a bright future.

Highlights of this fabulous tour include retracing India’s Mughal and colonial eras on a historic trail through Delhi; reliving Mowgli’s days in the Kanha and Pench forests with glimpses of the incredible wildlife that featured in the Jungle Book films, and viewing Central India’s wildlife on jeep safaris and/or canoe on the Denwa River on the fringes of Satpura National Park. We shall step back in time and watch the blush of sunrise over the Taj Mahal – one of the world’s seven wonders. We’ll walk on the wild side at Ranthambore National Park – a wildlife refuge set against a backdrop of waterholes and ruined ramparts; witness the legacy of Jaipur’s feudal rulers with a sightseeing trail through the ‘pink city’ in the state of Maharashtra and visit the unique 5th Century monolithic rock-cut temple at Ellora and Ajanta’s painted frescoes dating back to the 2nd Century BC.

# THE CAUCASUS

Georgia,  
Azerbaijan,  
& Armenia

**DEPARTS**  
MAY 2023

**25 DAYS** Snow-capped mountains dominate the region and make for beautiful views with hilltop villages and green valleys. Georgia has an ancient culture and a unique alphabet found nowhere else in the world. The capital, Tbilisi will surprise you with its modern, very European café style society. Yet, leave the city and you may feel like you are travelling in medieval times. Tourists (not that there are that many) visit mainly for the scenic beauty of the higher Caucasus Mountain range, the highest point of which is over 5,000 metres.

Azerbaijan, considered a moderate Muslim nation, also boasts an ancient culture with a history dating back to prehistoric times. Stone-age settlements are still evident. Most neighbours came, made their mark and then left at some stage. For many years, her economy has been based around the abundance of oil and gas reserves. The capital, Baku, could be considered a dynamic city.

The Republic of Armenia, a landlocked country in the Lower Caucasus, is a very small country at less than half the size of our own Tasmania and with a population of less than 3 million. Like Georgia, it is a Christian country with an ancient history. Armenia has the distinction of having the oldest Christian cathedral in the world! Tourism is growing as infrastructure & services improve. The countryside is beautiful with the jewel being the Alpine Lake Sevan at almost 2,000m above sea level – one of the largest freshwater alpine lakes in the world. These three countries should be high on your list of must-see destinations.

# IRELAND

Around  
The Emerald Isle

**DEPARTS**  
JUN 2023

**22 DAYS** From the haunting beauty of the pure, unspoiled landscapes and the drama of the coastline, to the urban buzz of the country's dynamic cities mixed with the magic of thousands of years' worth of culture and history, The Emerald Isle is a country that never fails to surprise. We'll have you drinking Guinness in a traditional pub, strolling through quaint cobble-stoned villages, dancing to Celtic music, driving through stunningly beautiful back roads and rugged coastlines. Of course, you'll also take in much history which might even be relevant to your own ancestry! Oh, we'll also be on the lookout for leprechauns!

# CANADA'S Atlantic Coast

DEPARTS  
AUG 2023

**18 DAYS** Canada is generally regarded as one of the most scenic places on the planet. The world's second largest country in area has many varied landscapes from mountains, vast plains, ice-capped regions, thousands of lakes and here in the Atlantic provinces, an extensive rugged coastline.

Europeans first arrived in the late 15th century when Italian explorer Giovanni Caboto – on behalf of King Henry VII of England – documented bays full of fish and forests full of wildlife. The Eastern Atlantic Provinces, locally referred to as “the Maritimes”, are dominated by the sea both historically and geographically. They sat at the heart of the early European struggles, and the legacy of these early influences remains. This region has maintained a unique culture and quirky nature that feels far removed from the rest of the nation; you'll enjoy a warm welcome, and down to earth hospitality. The ocean has also defined their dramatic landscapes which are at the same time rugged and picturesque. They are home to a stunning array of whales and marine life not to mention the freshest, tastiest lobster in the world.

This tour discovers the scenic parts of Canada's Atlantic where you'll meet friendly locals, learn about the ancient and colonial history, spot wildlife and breathe intoxicating air that is clean and fresh. Join us and don't forget your camera!

# PORTUGAL & The Azores

DEPARTS  
SEP 2023

**21 DAYS** Portugal is a traveller's dream come true. You'll find fortified towns with cobblestoned streets, well preserved castles dating back to the medieval period, glorious beaches, food and wine to die for and magnificent coastal and inland scenery. It has no less than 15 UNESCO-listed cultural and natural sights! All-the-more fascinating when you consider this tiny country is just 92,000kms – meaning it can fit into Australia over 82 times.

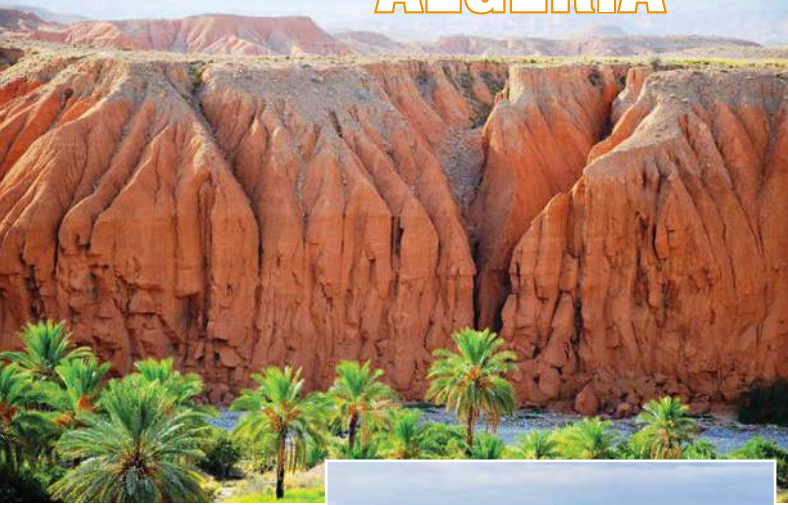

On this tour you'll also visit some of the Isles off the coast in the Atlantic – Madeira, Sao Miguel, Faial and Pico in the Azores. The scenery on these volcanic islands will take your breath away, as will the fresh seafood at the numerous fishing villages on the coast.

# TUNISIA & ALGERIA

DEPARTS  
OCT 2023

**22 DAYS** Two of northern Africa's historical jewels – Algeria and Tunisia – share common borders and an intertwined history.

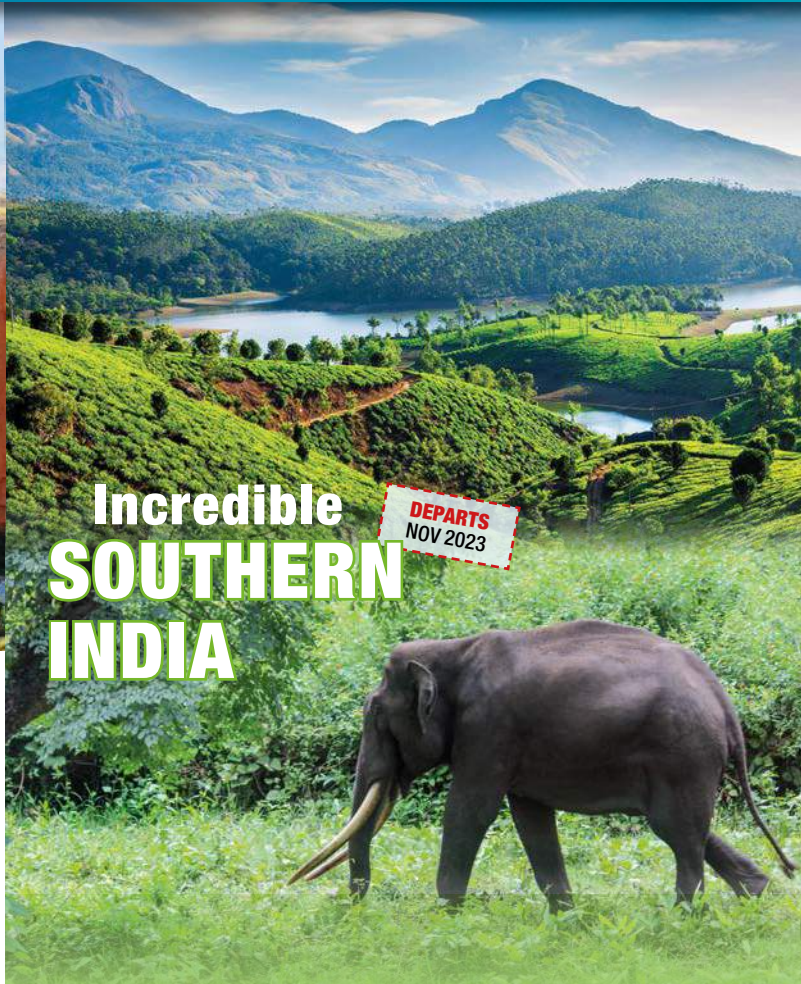

Algeria is one of the most fascinating countries in North Africa. It was colonised by just about everyone in the region until the French laid hands stretching her colonial empire. On this tour you'll visit Tipaza, with its ruins of a Phoenician trading post, Roman port and Byzantine churches. We will see the well-preserved Roman cities of Timgad and Djémila which provide insight into sophisticated urban living in the wealthiest of imperial Roman provinces. With the Sahara as a backdrop, the ancient Ksars or fortified strongholds, with their surrounding mud brick villages still hold on to traditions that have endured the desert sands for centuries.

In contrast, Tunisia is a small but diverse country, that lies across the Mediterranean Sea from Sicily. First settled by the Berber tribes, Tunisia like Algeria, has hosted several cultures. Your tour starts at the ancient city of Carthage, founded by the Phoenicians in the tenth century BCE. Following its destruction in 146 BCE, Rome re-established the city, which grew to a peak population of 500,000. You'll visit Berber oasis villages with distinctive troglodyte houses, Roman cities with fine imperial monuments like el Djem's huge amphitheatre, museums with magnificent antique mosaics, and beautiful Islamic buildings constructed over 1,500 years. You'll encounter the fascinating ribats of Sousse and Monastir, built to defend from European incursions.

# Incredible SOUTHERN INDIA

DEPARTS  
NOV 2023

**22 DAYS** Welcome to Southern India – dramatically different to its counterpart in the north. Its wide-open spaces make for a verdant and fertile backdrop to the region's diverse history, landscapes and people. Be immersed in the South's ancient, medieval and more recent colonial history; visit small villages, larger townships and even larger cities. Observe locals as they go about their day and welcome you with a wide smile. See a plethora of wildlife in world-class Nagarhole National Park, de-stress while cruising the tranquil backwaters of Kerala on a slow but majestic houseboat. If you appreciate your food, the dishes from this part of the world are outstanding, comprised of many different cuisines from the various areas of Southern India.

Each and every day brings its own magic but the "highlights" include the surreal houseboat experience on the tranquil backwaters of Kerala, the tranquillity of Kumarakom, home to deliciously relaxing treatments and therapies, Kochin's

Chinese fishing port and the overall buzz of this wonderful colonial city – such a great place to stroll and soak up the atmosphere. Also most worthy of a mention is the Nagarhole National Park with its abundance and variety of wildlife and Mysore's colourful markets and opulent palaces. Enough said – come and see it for yourself!
