ZAMBIA & MALAWI ADVENTURE + SERENGETI MIGRATION CAMP EXTENSION

Dubbed the 'Warm Heart of Africa' for its good-natured charm, the tiny, landlocked country of Malawi in southeastern Africa is a famously hospitable small nation brimming with an abundance of culture for those few tourists who visit. Its exuberant landscape is a natural kaleidoscope of verdant countryside, sweeping plateaux, soaring highlands, and river valleys. Malawi's share of the vast Great Rift Valley encompasses the country's must-see eco-destination, the emblematic Lake Malawi. It also offers several national parks and game reserves. The Central African Plateau's undulating terrain is defined by dramatic escarpments punctuated by lakes, dramatic hills and dense forests. Game viewing at the reserves offers a chance to see crocodiles, lions, elephants, hippos and leopards. For the more culturally curious, browse the many bustling markets, visit traditional villages and dig into the treasure trove of the country's history.

Zambia is one of Southern Africa's lesser-travelled destinations and is often referred to as the best-kept secret of Africa with its unspoilt national parks. While there are many national parks across the region, Zambia's offer a more raw experience than others. The country is land-locked, bordering eight countries in the Southern and Eastern part of the African continent. Once known as Northern Rhodesia, it offers visitors an authentic African experience complete with a variety of fascinating cultural activities, and an abundance of indigenous wildlife, which finds refuge in Zambia's vast national parks. However you choose to spend your time in this unique country, you are bound to leave with a heavy heart and a desire to return again.

Most adventurous travellers yearn to visit the famous Serengeti and see the annual great migration of the wildebeest and zebra. As an optional add-on to our wildlife and cultural experience in the lesser-travelled Zambia and Malawi, we are offering a three-night stay in Tanzania at the luxurious Laba Laba Migration Camp, with twice-daily safaris. This is a once-in-a-lifetime opportunity—something that will stay with you forever.

Places are limited on this wonderful adventure. Contact us today to reserve your place.

**Day 1, Sunday,
August 23
BLANTYRE,
MALAWI**

Blantyre was a key trading post during the 1800s and today remains the

country's economic capital, with many banks and businesses. The city's architectural highlight is the St Michael's and All Angels Church. This late 19th century building was designed by the acting reverend of the time and constructed with the help of the villagers. A close second is the Mandala Building, the city's oldest structure, built in 1882 and crafted entirely of natural materials, including homemade bricks held together with a cob mixture of mud and grass. The group will gather for a welcome dinner at the Amaryllis Hotel, where we stay for just one night. **D**
